

Carpenter and joiner

Average salary: \$75,000

Career trend: moderate growth

Job description

Carpenters and joiners love working their hands to construct, erect, install, and repair structures made of wood. You'll get great satisfaction out of seeing your finished work enliven a home or building.

What carpenters and joiners do

Carpenters and joiners use their broad knowledge of building methods and timbers to make, install, repair or renovate structures, fixtures and fittings. They work on residential and commercial projects constructing buildings, ships, bridges or concrete formwork, and in maintenance roles in factories, hospitals, institutions, and homes.

On residential jobs, carpenters and joiners build the house framework, walls, roof frame, and exterior finish. They install doors, windows, flooring, cabinets, stairs, handrails, panelling, moulding, and ceiling tiles. On commercial construction jobs, they build concrete forms, scaffolding, bridges, trestles, tunnels, shelters, towers or repair and maintain existing structures.

Shop fitter, joiners, fixers or finish carpenters create wood furniture, window and door fittings, parquet floors and stairs for new homes and renovation projects. They may also create and sell their own furniture. Joiners are mostly based in workshops while carpenters often travel between sites until each job is completed.

Carpenters may work as subcontractors employed by building and construction companies or are self-employed.

You'll like this job if...

You enjoy creating things with your hands. You can work independently. You're a problem solver. You're creative. You can read plans and follow instructions. You value accuracy. You have good eye-hand coordination. You're physically fit. You like to focus on the facts and details. You can lift heavy items.

Will I get a job?

- Moderate growth in this occupation is predicted, with 200 new jobs in Australia in the next four years, bringing the total to 117,800.

What will I earn?

- \$951 to \$1,100 median full-time weekly salary (before tax, excluding super).
