The Dictionary and Interpretation provisions of Schedule 1 of the Contract Terms and Conditions apply to the Operating Guidelines. In addition the following definitions apply:

eReporting has the meaning given to it in paragraph 18.

The Provider must not, and must ensure that its agents and contractors do not, market, publicise or otherwise communicate information about the training or engage in any other conduct that

The Provider is expected to engage with industry, which includes engaging with Employers, industry associations and/or specific enterprises.

Consistent with Training Package Qualification requirements, the addition of industry and/or organisation-specific information to a Unit of Competency to address the standard of performance required in the workplace will improve the outcomes associated with training and assessment.

This engagement will see the Provider confirm with industry that the program of training and assessment (including content, structure, duration, training and assessment materials, trainers and assessors, and other resources and components) will result in individuals who are equipped with the ability to participate in the industry.

Industry engagement will also support trainers and assessors to maintain vocational competence and comply with the requirements of SNR 4.4 and SNR15.4 in the Standards for National VET Regulator Registered Training Organisations, and the National Skills Standards Council determination. The determination can be found at:

<https://docs.education.gov.au/system/files/doc/other/determinationfortrainerandassessorcompetencies.pdf>.

12.1. Participating in industry networks and partnerships

Industry engagement can be facilitated by partnerships with NSW Industry Training Advisory Bodies, Industry Skills Councils, and employer industry associations, and by consulting at the enterprise or organisation level.

12.2. Industry Training Advisory Bodies

Industry Training Advisory Bodies in collaboration with Training Services NSW may:

- (iv) the proposed timeframe for achieving competency including the intended start date and end date of each Unit of Competency
- (v) delivery modes to be used for each Unit of Competency
- (vi) details of any customisation included to respond to the needs of the Enrolled Student and/or work locations and/or Employers
- (vii) proposed learning strategies and resources that are appropriate for the Enrolled Student; and
- (viii) names of individual(s) responsible for the training and/or assessment of each Unit of Competency.

The Provider should ensure that all Enrolled Students have input into developing their Training Plan, and are provided with a copy of the Training Plan. Training Plans for Enrolled Students (other than Apprentices and Trainees) may be prepared for a group of Enrolled Students where the training and assessment is similar, subject to the individual requirements of the Enrolled Student.

Record keeping obligation: The Provider must retain a hard copy or electronic copy of each Training Plan.

13.2. **Apprentices and Trainees**

The Provider must develop a Training Plan for the delivery of Subsidised Training for each Enrolled Student who is an Apprentice or Trainee (including School Based Apprenticeships and Traineeships (SBATs)) in accordance with the *Apprenticeship and Traineeship Act 2001*, which governs the establishment of Apprenticeships and Traineeships in New South Wales.

The Provider must develop the Training Plan:

- (a) in consultation with the Employer and Enrolled Student within 12 weeks of approval of the Training Contract and
- (b) in a customised manner considering the nature of the Employer's business and the Enrolled Student's duties within the workplace.

The Provider should ensure that all Enrolled Students have input into developing their Training Plan, and are provided with a copy of the Training Plan.

Guidelines for developing Training Plans for Apprenticeships and Traineeships (including SBATs) are available from the Training Services NSW website at: www.training.nsw.gov.au/forms_documents/apprenticeships_traineeships/trainingplan_guidelines.pdf. Training plan instructions and further information are available at: www.training.nsw.gov.au/training_providers/apprenticeships_traineeships/training_plans/index.html.

The Apprenticeship and Traineeship Logbook App for students is a WEB based app where training providers can create a Training Plan for an Apprentice or Trainee. Further information is at:

<https://stsatlas.nsw.gov.au/start>

Record keeping obligation: The Provider must retain a hard copy or electronic copy of each Training Plan.

14. Training and assessment requirements and validation

14.1. Training and assessment requirements

The Provider must deliver Subsidised Training that is:

- (a) consistent with the Australian Qualifications Framework qualification type learning outcomes descriptor 'Volume of learning' for each qualification level
- (b) compliant with the requirements of the relevant Training Package or accredited course and the outcomes of the qualification/accredited course being delivered (including Unit(s) of Competency requirements, entry requirements, corequisite and prerequisite requirements, employability skills and required trainer and assessor competencies)
- (c) inclusive of assessment strategies, tools and tasks that:
 - (i) are compliant with the assessment guidelines in the relevant Training Package or the assessment requirements in the accredited course
 - (ii) incorporate the evaluation of sufficient, valid, current and authentic evidence to enable judgements to be made about whether competency or a group of competencies in holistic assessment have been attained
 - (iii) have clear and sufficient instructions for Enrolled Students (and their Employers if applicable)
 - (iv) have clear and sufficient instructions to guide assessors to make consistent decisions about the competency of the Enrolled Student
 - (v) address the entirety of the Unit(s) of Competency being assessed
 - (vi) adequately cover both the on- and off-the-job components of the training (and incorporate validation by Employers of the acquisition and application of skills on the job if applicable)
 - (vii) clearly specify the standard of performance required
 - (viii) cover areas of workplace performance incorporating the dimensions of competency (including task skills, task management skills, contingency management skills, job role/environmental skills and transfer skills)

- (d) in accordance with the relevant Commonwealth, state or territory legislative, regulatory and licensing requirements as relevant to the Training Package or accredited course; and
- (e) consistent with the NSW Recognition Framework.

Recording keeping obligation: The Provider must maintain documents that demonstrate how the training and assessment meets these requirements.

14.2. **Validation and contextualising of training and assessment resources**

Validation of training and assessment resources means checking that the training resources address the requirements of the Units of Competency and Training Package to provide the depth of training required, and that assessment tools produce valid, reliable, sufficient, current and authentic evidence to enable reasonable judgements to be made as to whether the requirements of the relevant aspects of the Training Package or accredited course had been met. It includes reviewing and making recommendations for future improvements to the training and assessment resources, process and/or outcomes.

Contextualising means the addition of the industry or enterprise/organisation specific information to a Unit of Competency to tailor the standard to reflect the immediate operating context and thereby increase its relevance. Contextualisation must be guided by Training Package contextualisation guidelines. Contextualising also means modifying training and/or assessment according to a student's learning needs or preferences.

15. **Independent validation of assessment requirements**

Independent validation of assessment is important for ensuring quality assessment outcomes that are consistent and meet industry expectations. The Provider is encouraged to engage in independent validation of assessment.

15.1. **What is independent validation of assessment?**

Independent validation of assessment is a process that ensures that the assessment practices of the Provider are appropriate to the outcomes of training, are consistently applied, meet standards for assessment, and are aligned with industry and Training Package requirements for Unit(s) of Competency. It involves:

- (a) checking:
 - (i) the validity, reliability, sufficiency and currency of the assessment tool
 - (ii) that assessment strategies meet the needs of industry
 - (iii) learners' assessment tasks to determine whether the requirements of the relevant aspects of the training have been met

- (iv) that assessors are making consistent judgements
- (b) reviewing and making recommendations for future improvements to the assessment tool, process and outcomes.

The key aspects of assessment that are reviewed through a validation process are:

- (a) *the assessment process* — policy, enrolments and assessments, recording, reporting and appeals
- (b) *assessment tools* — specific assessment tasks, instructions for candidates, instructions for assessors, evidence guides, checklists, assessment criteria, rules of judgement, and examples of acceptable responses to, and descriptions of, typical competent performance
- (c) *evidence of assessment* — for example, third-party reports, observation and simulation
- (d) *application of assessment tool* — assessors use of the tool
- (e) *recognition of prior learning process* — tools and evidence of assessment.

15.2. Who undertakes independent validation of assessment?

Independent validation of assessment is undertaken by individuals or agencies that are independent of the Provider. It can involve industry representatives, other registered training organisations, specialist assessors, and experts in education and assessment.

15.3. What are the benefits of independent validation of assessment?

The benefits of an independent process for assessment validation include:

- (a) obtaining industry acceptance of VET outcomes
- (b) ensuring assessment strategies meet industry needs
- (c) gathering feedback to improve assessment processes
- (d) building assessor confidence and capabilities
- (e) fostering the development of informal networks
- (f) facilitating assessor acquisition of up-to-date industry knowledge; and
- (g) assisting assessors to apply consistent standards and make consistent judgements.

16. Professional development and continuous improvement

The Provider must ensure all of its Personnel undertake professional development and continuous improvement and maintain currency of relevant qualifications. The Provider is also required to implement a continuing professional development policy. The Provider should refer to the Smart and Skilled Teaching and Leadership Policy as a guide, which is available at: www.training.nsw.gov.au/smartandskilled/contract_policy.html.

Professional development and continuous improvement activities are further described in the *Standards for NVR Registered Training Organisations 2012* and may include:

- (a) organisational governance
- (b) registration compliance
- (c) government contract management
- (d) delivery of specialist student support services (e.g. counselling)
- (e) training to support industry regulations (e.g., training in Child Protection, Workplace Health and Safety)
- (f) training design and delivery
- (g) assessment and/or recognition; and
- (h) industry collaboration.

Record keeping obligation: The Provider must maintain records of the professional development undertaken by all staff.

17. Record Keeping

17.1. How the Department uses records

The Department uses the evidence and records (including Training Activity Data) the Provider collects, keeps and, in some instances, reports to the Department, for performance monitoring, audit, verification, research, statistical analysis, program evaluation, post-completion surveys and internal management purposes. It is also used by the Department to report to the National Centre for Vocational Education and Research (**NCVER**).

These records form part of the evidence to be provided for any performance monitoring activities conducted by the Department. The Provider must also submit such evidence as is required as part of the NCVER VET Non-Financial Audit, which audits Subsidised Training at a Unit of Competency level. Issues raised during the NCVER audit can also inform the Department's performance monitoring activities.

Students must be made aware by the Provider that the information supplied by them (including their personal details and identification) will be used by the Department, and all students must give their consent in accordance with paragraph 6(a).

17.2. Record Keeping Requirements

The Provider is required to maintain records for all Subsidised Training and for all Enrolled Students, as evidence of:

- (a) student identity
- (b) student eligibility

- (c) Fees including any Fee refunds or Fee Exemptions or Concessions granted
- (d) Notification of Enrolment Process (see paragraph 6)
- (e) enrolments
- (f) Credit Transfer (see paragraph 7.1)
- (g) Recognition of Prior Learning (see paragraph 7.2)
- (h) the delivery of training
- (i) the assessment of training delivered
- (j) Certificates, Statements of Attainment and Qualifications issued; and
- (k) any learning support provided to students.

Evidence must be valid, readily accessible, current, sufficient, authentic and capable of verification by the Department. These records can be either soft or hard copy unless otherwise specified.

17.3. **Electronic Signatures**

If the Provider is to accept or use electronic signatures, the Provider must have evidence:

- (a) that the signature can be properly attributed to the individual that is alleged to have signed and
- (b) that the individual applied the signature electronically.

This electronic audit trail may be confirmed, for example, through email correspondence. For assessors, a declaration may be applied to the document which states that the assessor applied the signature based on their own determination regarding competence in the task/Unit of Competency.

17.4. **Training Activity Records**

The Provider is required to retain all training activity records as evidence of the delivery of training and assessment, and outcomes achieved. Training activity records will identify the Unit of Competency they relate to and the Enrolled Student they belong to.

17.5. **Record Keeping for online delivery**

Where Subsidised Training is delivered via online delivery and where, for instance an attendance sheet is not marked, the Provider's online delivery platform must be capable of capturing the details of an Enrolled Student's engagement and Participation in Subsidised Training. For example, if required the Provider would be able to supply the Department with a report of when, what times and for what Units of Competency an Enrolled Student logged onto the online delivery platform to undertake online learning and/or to complete an assessment task(s).

17.6. Record Keeping for delivery by correspondence

Where Subsidised Training is delivered via correspondence and where, for instance an attendance sheet is not marked, the Provider must retain phone logs, emails, copies of assessments and any other training activities submitted by the Enrolled Student.

17.7. Required length of time

Records must be retained by the Provider in a readily accessible format for a minimum of three (3) years after the later of:

- (a) the completion of each qualification
- (b) issuance of qualification; or
- (c) an Enrolled Student's exit from the Subsidised Training.

17.8. Examples of Evidence

A list of documents that must be kept and submitted to the Department upon request is outlined in the Fee Administration Policy.

18. Reporting Training Activity Data

The Provider must maintain a data housing and reporting system that supports submission of data to the Department as required by the Contract. The data files submitted must comply with the relevant technical specifications for the *RTO Contract Services, Smart and Skilled eReporting* section of the Portal (**eReporting**).

The Provider must submit data with the Department, for all Enrolled Students through eReporting by uploading one set of data files for all Enrolled Students (including where there has been no change to the data for an Enrolled Student since the last submission). All data submitted to the Department must also comply with the AVETMIS Standard.

18.1. Training Activity Data for Submission

The Training Activity Data must include:

- (a) the Commitment ID
- (b) the Training Contract ID (**TCID**) if the Enrolled Student is an Apprentice or Trainee (see paragraph 18.2 below)

- (e) any Credit Transfer or Recognition of Prior Learning; and
- (f) any other data required to meet the AVETMIS Standard.

18.2. Training Contract ID

The Provider is responsible for obtaining and submitting the TCID to ensure correct submission of data. The TCID can be accessed from:

- (a) the Enrolled Student or in the case of an Enrolled Student under the School Based Apprenticeships and Traineeships Program, the school; or
- (b) the Employer; or
- (c) the Australian Apprenticeship Network Provider; or
- (d) the Training Contract search in the Portal; or

18.3. Submission of Training Activity Data

The Provider will submit Training Activity Data in accordance with the process specified by the Department.

If the Training Activity Data is not correctly submitted it will be rejected. No records of rejected Training Activity Data is kept by the Department.

18.4. Unit of Competency start and end dates

Where training is yet to start and/or be completed for the Unit of Competency, then the proposed dates must be entered. The dates entered must then be updated if they change and when the actual start date or end date is known (if they differ from the proposed dates).

18.5. Qualification issued

If a Qualification has been issued to an Enrolled Student, the Provider must notify the Department by including a "Y" in the Qualification Issued flag section and submit as part of the Training Activity Data. Following this submission, the Training Activity Data for this Enrolled Student in the Approved Qualification does not need to be submitted again.

This reporting requirement is not applicable to any Smart and Skilled Targeted Priorities Prevocational and Part Qualifications unless the Approved Qualification is a recognised Skills Set from a Training Package.

IMPORTANT: Providers should note that the Department may **rely on** reported Qualifications issued to verify that an Apprentice or Trainee is either eligible for completion of the Apprenticeship or Traineeship in accordance with the Vocational Training Order. Based on this advice the Department may then initiate action with the Employer and Enrolled Student to complete the Apprenticeship or Traineeship.

18.6. Checklist for reporting Training Activity Data

The following reference list can be used to ensure that appropriate information for the Enrolled Student is included in all Training Activity Data submitted:

- (a) USI

19. Performance Monitoring

The Provider must provide information and documentation to the Department on its request in accordance with clause 14.1 of the Contract Terms and Conditions.

19.4. Assistance with site visits

If requested by the Department, the Provider must within 7 days of receipt of notice from the Department allow and facilitate the visit of any person nominated by the Department to the Provider's premises (including, all places where Subsidised Training takes place and the business headquarters/administrative offices).

During such site visits the Provider must ensure that the Department's nominee is able to carry out any required activity, including:

19.6. Internal review

If requested by the Department, the Provider must conduct an internal review to establish compliance and risks, and to determine where improvements are required to meet the provisions of the Contract. The Department will specify the areas that must be covered in the internal review. Internal reviews must:

- (a) be undertaken in the format that the Department prescribes
- (b) describe the organisation as it is at the time of the internal review (where so requested)

- (g) specify a person who is authorised by the Provider to be the point of contact for the Department in respect of addressing noncompliance and monitoring the progress of remediating the noncompliance; and
- (h) be submitted to the Department in the required format via email to training.market@industry.nsw.gov.au within one month of the Department's request.

Record keeping obligation: Internal review records should be maintained by the Provider.

The Provider must update their internal review as any identified non-compliances are addressed, together with appropriate evidence to demonstrate compliance.

20. **VET Student Loans Program Information**

If the Provider is a VET Student Loans Program Approved Provider, the Provider must:

- (a) inform all students that they are a VET Student Loans Program Approved Provider and of the availability of VET Student Loans; and

- (the **VET Student Loans Program Information**).

The Provider must ensure that any information on the VET Student Loans Program used for marketing purposes adheres to all guidelines and policies provided by the Commonwealth Government from time to time.

21. **Subcontracting and Brokering Arrangements**

Subcontracting includes an arrangement where the Provider defers day-to-day responsibility for all or part of the material operative or administrative functions of the Provider or the management and conduct of training delivery and assessment activities for Subsidised Training to another individual or organisation (the **subcontractor**).

Brokering Arrangement is defined in the Contract Terms and Conditions. A **broker** is any person who enters into a Brokering Arrangement with the Provider.

21.1. **The Provider must apply for approval from the Department**

If the Provider wishes to appoint a subcontractor or enter into a Brokering Arrangement, the Provider must first lodge an application to Training Services NSW for approval of this subcontracting arrangement or Brokering Arrangement 28 days prior to the intended commencement of any such arrangement, for each Approved Qualification (or the relevant Unit of Competency) in each Region.

The application must include a justification for the selection and use of the subcontractor in delivering Subsidised Training or broker.

Any written agreements between the Provider and the subcontractor or broker are to be subject to Performance Monitoring.

If a subcontracting application has not been approved, the Provider must either:

- (a) make arrangements to deliver the Subsidised Training itself or
- (b) advise Enrolled Students that the Subsidised Training cannot proceed.

To be clear: (i) subcontracting any part of the delivery or assessment of Subsidised Training; or (ii) entering into a Brokering Arrangement, without the approval of the Department is an Event of Default.

The Provider maintains responsibility for ensuring that all activities conducted under a subcontracting arrangement or Brokering Arrangement comply with all requirements of the Contract.

21.2. Preferred subcontracting arrangements

Subcontracting should support innovation and flexibility to achieve improved training and assessment outcomes, particularly in regional areas. Where subcontracting arrangements exist, they should be the result of the Provider seeking out a secondary registered training organisation to fulfil a need.

21.3. Setting up subcontracting arrangements

(a) Between the Provider and the subcontractor

Subcontracting arrangements between the Provider and the subcontractor must be documented and transparent. The information in the subcontracting arrangement must include but not be limited to the following:

- (i) the training and assessment that the subcontractor will provide
- (ii) the responsibilities of each party to the subcontracting agreement, the development and maintenance of the Training Plan, and the issuing of Qualifications and Statements of Attainment; and
- (iii) the quality assurance, monitoring and validation arrangements that are in place to ensure that the training and assessment is of an appropriate quality.

The Provider is responsible for oversight of the subcontract and must develop and implement a plan for monitoring the performance of, and compliance with the Provider's obligation in the Contract by, the subcontractor.

(b) Between the Provider and the Prospective Student and/or Employer

The Provider must inform Prospective Students (and any Employer if applicable) prior to enrolment that a subcontracting arrangement exists and that it is the Provider's responsibility to ensure the quality of the training and assessment, develop the Training Plan, and issue qualifications and statements of attainment. If at any stage after enrolment a subcontractor is appointed, the Provider must inform the Enrolled Student (and Employer if applicable) of the above immediately.

The Prospective Student and Employer must acknowledge that they are aware of the subcontracting arrangement.

The Enrolled Student and/or Employer's agreement is with the Provider, not the subcontractor. The subcontractor is not to charge fees directly to the Enrolled Student or the Employer (where applicable).

The Provider's obligations to the Enrolled Student under Smart and Skilled extend to the subcontractor, and it is the Provider's responsibility to ensure that these are met.

21.4. **Provider responsibilities if approved to subcontract**

The Provider is accountable for, and must systematically monitor, compliance with the Contract, including all training and assessment provided by the Provider through any subcontractor. The Provider must also ensure that the subcontractor does not subcontract.

The Provider is not permitted to subcontract reporting activities and must maintain all records associated with Participation in Subsidised Training, and a summary of training and assessment to support any UoC Outcomes reported to the Department.

The Provider's Consumer Protection Policy must manage and respond to allegations involving the conduct of any subcontractor and its trainers, assessors or other staff.

Any subcontracting arrangement found not to be in the best interests of affected Enrolled Students must be ceased.

In cases where a subcontractor fails to perform the responsibilities associated with subcontracted activities satisfactorily:

- (a) the Department may withdraw its approval of the subcontracting arrangement
- (b) the Department may suspend or terminate the Contract
- (c) a subcontractor, who also has a contract with the Department to deliver Subsidised Training, may also have their contract suspended or terminated; and/or
- (d) future applications to subcontract made by the Provider may be refused.

21.5. **Subcontractor Information**

If an Approved Qualification is to be delivered in part or in full by a subcontractor, the Provider must inform any Prospective Student who wishes to enrol in the Approved Qualification:

- (a) of the existence of the subcontracting arrangement including:
 - (i) providing details of the sub-contractor, including the Department's sub-contracting approval number; and
 - (ii) identifying which Units of Competency are to be delivered by the sub-contractor.
- (b) that it remains the responsibility of the Provider to:

- (i) ensure the quality of the training and assessment
 - (ii) administer fees and additional costs (if applicable)
 - (iii) develop and issue the Training Plan
 - (iv) issue Certificates, Qualifications or Statements of Attainment; and
- (c) of the roles and the responsibilities of both the Provider and the subcontractor including providing assistance and support to the Prospective Student.

(the **Subcontractor Information**).

21.6. **Setting up Brokering Arrangements**

(a) **Between the Provider and the broker**

Brokering Arrangements must be documented and transparent. The information in the Brokering Arrangement must clearly outline all the activities that the broker will undertake for the Provider.

The Provider is responsible for oversight of the broker and must develop and implement a plan for monitoring the performance of, and compliance with the Provider's obligation in the Contract by, the broker.

(b) **Between the Provider and the Prospective Student and/or Employer**

The Provider's obligations to the Enrolled Student under Smart and Skilled extend to the broker, and it is the Provider's responsibility to ensure that these are met.

21.7. **Provider responsibilities if approved to use a broker**

The Provider is accountable for, and must systematically monitor, compliance with the Contract, including all activities arranged by the Provider through the broker. The Provider must also ensure that the broker does not subcontract.

The Provider's Consumer Protection Policy must manage and respond to allegations involving the conduct of the broker (including its staff).

Any Brokering Arrangement found not to be in the best interests of Enrolled Students must be ceased.

In cases where a broker fails to perform the responsibilities associated with the Brokering Arrangement activities satisfactorily:

- (a) the Department may withdraw its approval of the Brokering Arrangement
- (b) the Department may suspend or terminate the Contract; and/or
- (c) future applications relating to approval of a Brokering Arrangement made by the Provider may be refused.

22. **Change in Control and assignment of Contract**

The Provider may not allow circumstances resulting in a change in Control or requiring an assignment of the Contract without first applying for the approval of the Department. The Department will request information from the Provider and will notify the Provider whether the approval is granted and, if so, of any conditions applicable to the Department's approval. Any approval will be at the absolute discretion of the Department.

23. **Regions**

The Regions are defined by the Department by reference to the table found at: www.training.nsw.gov.au/forms_documents/smartandskilled/deliver_training/regions_postcodes.pdf.
